## **Product Features & Uses:**

- Ergonomically designed by a longtime meditation practitioner, this low-standing, sturdy chair suggests "me-time" spent in complete comfort.
- Provides great environment for eating sushi or other asian type cuisine, sitting close to the fireplace, or in front of your meditation alter.
- Advanced composite materials for full spectrum acoustic delivery that honors the natural harmonics of the human body.
- Zen look and feel provides wonderful addition to any spa with an asian décor or treatment focus. Can be used in a lobby, treatment waiting areas, as a side chair in a treatment room, in gift or book shop or tea areas, and/or in guest suites. Also, easily portable to be moved in and out of meeting rooms, lecture halls or class rooms.

## **Key Benefits:**

- **Ergonomic Support**
- **Stimulate deep relaxation, inner state of balance and peace.**
- **Provides expanded awareness and whole brain functioning.**

**Retail Price:** \$958 with amplification package; \$758 without amplification package.

See website for additional products, music selections & services.
